SUMMARY

Gold Standard Design Certified Projects are required to submit annual reports to share progress, key updates and confirm that the project is active. This template provides a standardised form to complete annual reporting. The annual reports are required for each monitoring year for which verification is not completed by the end of the following calendar year (section 5.1. (d), Annual Reporting, Gold Standard for the Global Goals Principles and Requirements). The Project Developer shall upload annual reports on the SustainCERT App.

1| SCOPE AND APPLICABILITY:

1.1.2 | **A/R Projects Only** - If the project is certified according to the Forest Stewardship Council (FSC), the Certification Status replaces the completion of this template. Please provide the FSC Audit Report and provide a reference to this supporting document in section 3| of this template. In addition, please provide evidence on how the project demonstrates conformity to Gold Standard Safeguarding Principle 3.8.1 on Water (FSC Certification is not deemed as evidence that this Principle is met). For further guidance refer to

Climate Security and Sustainable Development

the section "FSC Dual Certification" in the Land Use and Forests Activity Requirements.
